

Oregon Armor Battle Shield:

Conforms to NIJ 3A and optional NIJ Level 3 ballistic requirements

- The most rapidly deployable ballistic shield on the market.
- Lightweight, semi-flexible, seat conformable ballistics shield
Allows for placement inside the patrol vehicle.
- Unique patent pending design provides instant accessibility for high Risk stops or IMMEDIATE ACTION RAPID DEPLOYMENT (IARD).
- Provides armor for the exposed head, neck and face, as well as nearly 100% upper body protection.
- Grab handles provide instant stretcher feature for injured or disabled Personnel.
- Interlocking feature allows multiple shields to lock together to form a “Wall of Protection”.
- Strategically placed straps allow the armor to be draped over vehicle doors, windshields or other areas of the vehicle to provide immediate Protection.
- Removable armor panels permit dry cleaning of the outer shell.
- Temperature range from 5 degrees F to 130 degrees F.
- NIJ tested conforms to NIJ Std 0108.01 Level 3A and optional NIJ Level e requirements.
